

Low voltage magnetic transformer · Low voltage magnetic transformer · 300W

BEGA

Application

Remote low voltage transformer for use with BEGA home and garden 12V AC luminaires. Provided with six foot primary cord and comes with mandatory secondary protection. Primary voltage 120V AC only, 3A maximum. Timer and photocell ready.

Materials

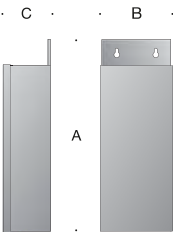

Corrosion-resistant 304 grade stainless steel

Weight: 13.0lbs.

Electrical

Operating voltage	120VAC Only
System wattage	300.0W
Controllability	Non-Dimming
